LOK SABHA

UNSTARRED QUESTION NO:1761
ANSWERED ON:26.07.2017
AADHAAR Linked Welfare Schemes
Ranjan (Pappu Yadav) Shri Rajesh;Singh Shri Rakesh

Will the Minister of ELECTRONICS AND INFORMATION TECHNOLOGY be pleased to state:

Will the Minister of ELECTRONICS AND INFORMATION TECHNOLOGY be pleased to state:
(a) whether work of issuing unique identification number, AADHAAR card has been completed in the country and if so, the details thereof;
(b) if not, the reasons therefor and the target date by when the entire population of the country is likely to be issued this number;
(c) whether AADHAAR number has been made mandatory for getting benefits of Government schemes and other services;
(d) if so, the details of such departments and services; and
(e) whether the Government has done an assessment of the loss that people in the rural areas have to bear given that welfare schemes are linked to AADHAAR numbers and AADHAAR based payments are encouraged, and the lack of digital connectivity prevents people from availing the number and thereby the services and if so, the details thereof and the action taken by the Government to ensure digital connectivity in rural areas?

Answer

(a) and (b): Though a target of universal enrolment is being pursued, enrolment for Aadhaar is an on-going process. As on date, over 116 crore Aadhaar numbers have been generated.

(c) and (d): UIDAI only issues Aadhaar to the residents of the country. It is up to the organizations/departments administering various schemes and services to decide on use of Aadhaar for delivering these services and benefits of schemes to their targeted beneficiaries. The organizations/departments who intend to use Aadhaar as an identifier for delivery of subsidy/benefit/services to the residents can do so as per provisions of Section 7 or Section 57 of Aadhaar Act, 2016. The details of schemes / departments are attached at Annexure.

(e): Government has not carried out any assessment as such of the notional loss incurred by the people in the rural areas, due to lack of digital connectivity. But Government is taken following steps to strengthened the Digital Connectivity in rural areas.

i. National Optical Fibre Network (NOFN) project, renamed as BharatNet, which is one of the pillars of Digital India Programme, is planned to establish a network infrastructure by connecting all Gram Panchayats (approx. 2.5 lakh) in the country through Optical Fibre Cable (OFC) and by using an optimal mix of underground fibre, fibre over power lines, radio and satellite media, for providing broadband connectivity by all categories of service providers on non-discriminatory basis.
The project is planned to be implemented in three phases. Under Phase- I of the project, 1 lakh Gram Panchayats (GPs) are to be connected by laying underground OFC by November 2017. Under Phase-II, connectivity will be provided to remaining 1.5 lakh GPs in the country using an optimal mix of underground fibre, fibre over power lines, radio and satellite media, by March, 2019. Under Phase-III, a state- of- the-art network, including fibre between districts and blocks and with 5G services and Internet of Things with underground OFC in ring architecture, is planned to be completed by 2023.
ii. The CSC Special Purpose Vehicle (CSC -SPV) launched an initiative on pilot basis called Wi-Fi Choupal for 5,000 Gram Panchayat (GP), a rural Wi-Fi service initiative in financial year 2016-17 at the behest of Telecom Commission, Department of Telecommunications, Govt. of India. Wi-Fi Choupal project has been launched to provide Wi-Fi Internet access in rural India through CSCs. As on date, Wi-Fi Infrastructure has been deployed in 2500 GPs across 9 States (Uttarakhand, Uttar Pradesh, Madhya Pradesh, Chhattisgarh, Haryana, Jharkhand, Bihar, Maharashtra, and Karnataka) and 2 Union Territories (Chandigarh and Puducherry). The activation of the internet service has been done at 650 GP locations.
